Pastoral Care Policy

Policy Review

Date Agreed: May 2024

Next Review Date: May 2027

Signed Chair of Governors: Mr P Mc Aleavey

INTRODUCTION

Pastoral care permeates all aspects of school life. It reflects the values, attitudes, beliefs and practices of our Catholic faith and involves all members of our school community - children, parents and all other adults who contribute to the well being of each child.

The Pastoral Care dimension deals with the physical, social, emotional, moral and academic needs of pupils. The caring of the teachers in the school will be evident in all aspects of the child's school life.

It is the aim of our school to provide a warm and caring environment in the school so that each person, both child and adult, associated with the school, can feel safe and secure.

Name of Designated Teacher is: Mr Paul Hart

AIMS

- To create an environment where children are safe and contented.
- To ensure the all-round development of each child.
- To help children grow in self-esteem, confidence and independence of thought.
- To communicate to our children, values and beliefs, that are in keeping with our ethos.
- To protect children from physical, social, emotional and intellectual harm and to provide them with the skills to cope with possible threats to their personal safety, both within and outside school.
- To encourage tolerance, understanding and sensitivity to the needs of others.
- To promote warm and positive relationships between children, staff and parents.

Statement of the school's core values in relation to pastoral care.

CHILDREN

We believe that every child is unique and special.

We believe that every child has the right to feel happy, safe and secure in school.

We believe that every child has the right to be helped to develop to the best of their ability, within the limits of the school's resources.

We believe that every child should feel that their work and effort is valued.

We believe that every child should learn to respect their school, their teachers, their fellow pupils, visitors, property and the environment.

We believe that every child should be helped to develop confidence and positive selfesteem.

We believe that every child should be encouraged to develop independence of mind and take responsibility for their own actions.

STAFF (Teaching and Non-teaching)

We believe that all members of staff deserve to be treated with courtesy and respect.

We believe that the opinions of all members of staff should be valued.

We believe that the staff should work together as a team, for the good of the pupils and the good of the school.

We believe that flexibility is an essential quality in a small school setting.

We believe that the staff should promote a caring environment where pupil's learning is developed within the context of their individual needs and abilities.

PARENTS

We believe that parents are vital partners in providing the best possible education for children.

We believe that parents deserve to be kept well informed by the school of all matters relating to their child's education and welfare.

We believe that the school should be open in its approach to parents, so that they feel comfortable about communicating with the school.

THE WIDER COMMUNITY

We believe that members of the local and wider community have an important contribution to make to the education which is provided in St. Joseph', Madden.

- a) The assistance of outside agencies will be sought to extend pupils' experiences e.g. Project work; visits of curator of Museum, local industrialists and farmers.
- b) Links will be established with neighbouring schools and shared education links will continue to be fostered with Drumhillery PS.
- c) There will be links with statutory agencies involved in the health and welfare of children.

ORGANISATION OF PASTORAL CARE WITHIN THE SCHOOL

Roles and Responsibilities

Our Board of Governors will have overall responsibility for the implementation of the curriculum including monitoring the safety of each child in the school. The Principal and staff will ensure that pastoral care is given a high profile in the school development plan. Each member of staff will work to build up pupils self esteem and encourage them to be assertive and to resist negative peer pressure. The will help them to celebrate success and develop the ability to make moral decisions and to know the difference between right and wrong.

Responsibilities of staff members

Every member of staff in the school has responsibility for ensuring the health, safety and well being of pupils.

Class teachers hold primary responsibility for the pastoral care of the pupils in their classes. This responsibility is shared with the part-time teacher for special needs and classroom assistants. Teachers will seek to develop relationships of trust, empathy and understanding within the classroom. This will provide the ethos within which pastoral care can be exercised.

Additional responsibility is held by the designated teacher for Child Protection. Coordinating includes:

- Liaison with teachers, parents and external support agencies.
- Attend relevant INSET.
- Coordinating the provision of school based INSET.
- Acting as the designated teacher for the investigation of claims of child abuse.
- Providing information and advice in relation to Child Protection for all members of the school community.
- Maintaining all records in relation to Child Protection.

Mr. Hart is the Designated teacher.

Record keeping and administration

An information form is kept for every child This form is completed annually by parents and provides information on pastoral and medical matters.

The school maintains an 'Incident Book'. This records the details of all contacts made by parents with the school in relation to pastoral matters, together with action taken by the school in response to these concerns.

Communication with parents

All parents are provided with an information pack giving details of the school's pastoral care arrangements. Parents are always welcome and are encouraged to contact their child's teacher or the Principal if they have any concerns or worries. To do this they are required to use the appropriate interviews procedure. Urgent concerns will be given immediate attention. We will encourage parents to share concerns about home circumstances or medical matters which may affect their child's work or behaviour in school. Any information disclosed will be treated as confidential. Staff will meet regularly to discuss and review the Pastoral Care Policy. The opinions of parents and children will be valued and where appropriate actions will be taken.

To ensure a structured approach to the caring for all pupils we have developed the following basic structure:

School promotes individual talents (e.g. Irish dance and Irish Music).

Emotional literacy	This area is addressed through discussions, literature and opportunities which arise in the course of day to day classroom activity. The school uses circle time.
Mental Health	Support for Mental Health strategies and resilience will be provided via the PDMU programme. We will continue to utilize the support of 'Relax Kids' to assist teachers with the development of this area of the curriculum.

Personal Health

Developing a healthy lifestyle	This is addressed through the school's programme for science at KS1 and 2. This includes drugs education. The school also follows a 'Boost better breaks' policy. MONITORING AND EVALUATION

Monitoring

On-going monitoring is an integral part of our policy. The Pastoral Care and other policies are discussed regularly at staff meetings to ensure that the policies are implemented as planned. Support is given to those teachers, (including substitute teachers) who require assistance in carrying out any aspect of their pastoral role.

Evaluation

Evaluation procedures are in place to discover ways of improving the quality of provision in the school for the benefit of all pupils and teachers.

All aspects of the policy are evaluated on an on-going basis with parents', pupils' and staff views being requested through questionnaires, informal interviews and focus groups. Recent Circulars from DENI, EA, CCMS AND CCEA will be taken into consideration when reviewing our pastoral care policy.

Whilst the Head of Pastoral Care has overall responsibility for evaluation, self-evaluation is a feature of every teacher's role.

Conclusion

The evaluation of the school's system of pastoral care is effective when the school policy and planning for pastoral care are fully implemented and reflected in the quality of provision within and beyond the classroom and the effectiveness of the support arrangements for individual pupils.

At all levels of the caring process all staff and pupils need to feel valued, safe and secure.
